Medical Release

In the event of an emergency, I/we release our child for such emergency medical assistance, as the Lima Christian School deems necessary. If I/we am/are unavailable and further medical care is necessary, I/we release my/our child to be taken to the nearest medical facility. We absolve Lima Christian School from any liability in such a situation. I/we realize that it is my/our responsibility to notify Lima Christian School immediately of any changes in information on this information form, or in the health of my child.

Informational Sheet:

Health Forms Required by Law

***Please read and keep on file for the school year**

The following forms included in the enrollment packet must be submitted to the school **no later than 15 days from the first day of school**:

-PHYSICAL FORM (supplied by physician's office) – Students may be sent home if they do not have current immunizations or physicals as required by law (see Education Law below). Lima Christian School and the NY State Law require full immunization compliance for all students entering K-12th grade (see immunization requirements). **Please note that NYS now requires the meningitis vaccine for grades 7 and 12.** There will be no exemptions beyond those accepted by NY State Law which are religious and medical.

-MEDICATION PERMISSION – Required for every student (to be completed and signed by physician, must also be signed by parent)

-EMERGENCY CONTACT – Required for every student (to be completed by parent each year) to notify in event of emergency

-HEALTH HISTORY - Required for every student (to be completed by parent each year)

Please take a moment to familiarize yourselves with the laws that Lima Christian School is mandated to follow. Thank you in advance for helping us adhere to NYS guidelines.

Education law, Section 903 – Requires a physical examination of each child entering school for **Kindergarten** and at these selected grades as well: **1, 3, 5, 7, 9, 11.** In addition, **ANY STUDENT NEW TO LIMA CHRISTIAN SCHOOL at any grade level must have a physical examination.** It is recommended that these examinations be done by the family physician, as he/she is most familiar with the health needs of your child. Physicals are good for one year. **Please include BMI and dental exam during the years physicals are required.**

Commissioner's Regulation 135.4 – Requires all student athletes who will participate in the interscholastic sports program to have a physical examination **prior to practicing with any team.** LCS does not employ a school physician. As a result, the student's physician must complete the physical.

Immunizations

Please see immunization schedule for New York State. NOTE: **Meningitis** is now required for grades 7 and 12. **Tdap** is required for grade 6. Immunizations in progress must be submitted with attestation from the doctor's office with dates to be administered.

Exemptions from vaccine requirements include the following:

- **A blood titer showing positive immunity.** Parental recall of the disease history is not sufficient, and will not be accepted as proof of immunity. Titers are not accepted for Polio.
- A medical exemption consisting of a written statement from a physician licensed to practice in the State of New York stating that there is a valid medical contraindication to any vaccine. A copy of the exemption must be retained by the school and renewed yearly by the physician.
- Any medical exemption submitted will need to be approved by the district's medical director for a student to remain enrolled.

MEDICATION POLICY: PARENTS PLEASE READ!

1. Prescription medications taken at school must be supplied in the original bottle, accompanied by a prescription from the doctor, and a signed permission slip from the parent. **THIS IS NEW YORK STATE LAW, AND MUST BE RENEWED EACH YEAR.**
2. Over the counter medications (OTC) to be taken at school must be supplied in the original bottle, labeled with the student name, grade, dosage and frequency, and accompanied by a signed permission slip from the parent and physician. **PERMISSION FOR PRESCRIPTIONS AND OTC MEDICATIONS MUST BE RENEWED EACH YEAR.**
3. **NO MEDICATIONS WILL BE DISPENSED FOR ANY REASON WITHOUT THE ABOVE CONDITIONS AND THE SIGNED RELEASE ON THE STUDENT INFORMATION FORM and/or PHYSICAL.**
4. All medications (prescriptions and OTC) are kept in a locked cabinet or the refrigerator in the nurse's office. **Students are never to carry medications or keep them in their backpack or locker. Only EpiPens and inhalers may be carried with a doctor's order and parent note on file in the nurse's office** (the doctor and parent must know the student clearly understands how to administer the medication).
