Be the Reason Families Have a Choice

You can ensure that a child's access to exceptional, Christ-centered education is not determined by their family's financial circumstances. In Livingston County, more than 41 percent of households earn too much to qualify for assistance and too little to cover the basics of housing, food, transportation, and child care.* For those families, your sponsorship helps to fund the scholarships that close the gap between what they can afford and what a Christ-centered education actually costs. As the only K-12 private Christian school in the county, Lima Christian School is uniquely positioned to serve them and many more across Monroe and Ontario Counties.

New This Year: $5,000 Presenting Sponsor

The presenting sponsor will headline the event, which will be mentioned in all communications and to our anticipated 200+ attendees as the "Lima Christian School Auction Presented By (Your Company)." As this opportunity is available to only one sponsor, we encourage you to reach out early.
